

The Non-toxic, Sustainable Choice

Bona Decking Oil is made from modified vegetable oils. It contains very low VOCs and has a low odour.

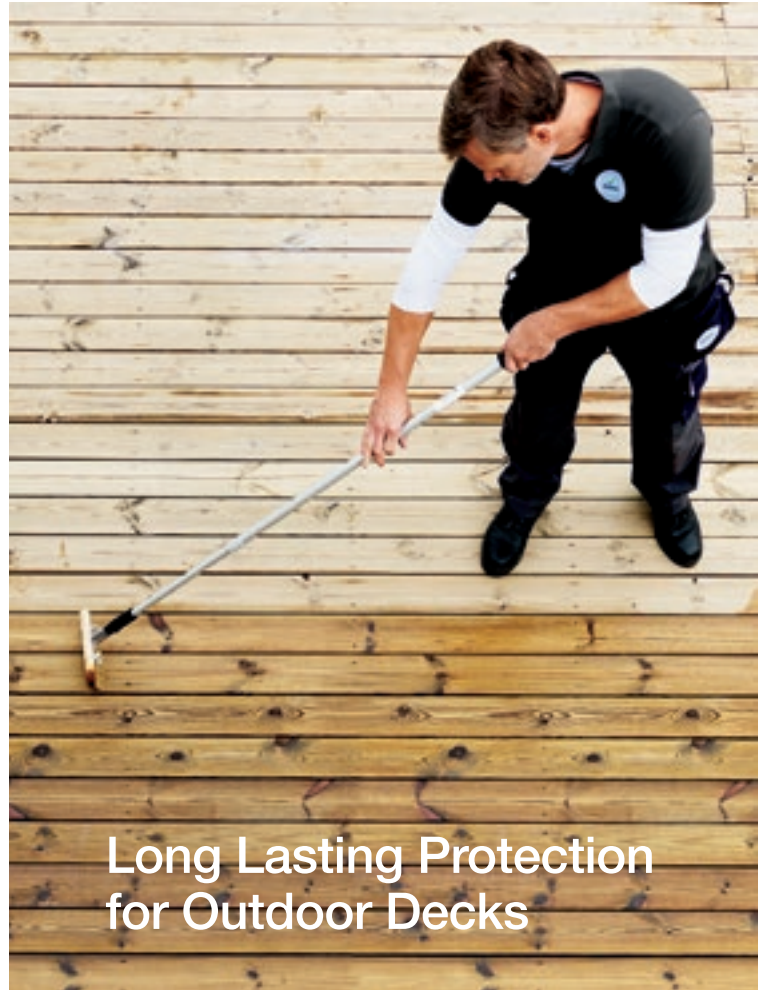

Low VOCs means there is no need to vacate premises during application due to solvent fumes and no concern about the health effects of toxic chemicals.

Who is Bona?

- Bona products are available in over 75 countries
- The No.1 choice for professional contractors
- The market leader in non-toxic timber floor finishes globally
- Experts in floor coatings & cleaning products since 1919

Bona Decking Oil

Easy to apply, long-lasting protection for outdoor decks

Rapid drying and easy to apply, Bona Decking Oil is a modified vegetable based oil for superior impregnation and long-lasting protection of wooden decking and other exterior wood surfaces. It enhances the natural wood grain while protecting against moisture ingress.

The formula contains a very low amount of solvents and greatly enhances the protection properties. It can be applied in 1-2 even thin coats.

- Low VOC vegetable oil based
- Contains UV protection
- Reduces wood cracking and warping
- Colour: Neutral
- Easy to apply
- Fast drying: 30 - 60 mins between coats (Light use: 24 hrs)
- Apply 1-2 coats, no need for dilution
- Approx. 20 m²/Lt coverage depending on wood type
- Apply with wide brush / roller
- Remove excess after application with a rotary sander fitted with an oil cloth to prevent pooling
- Size: 2.5 Litre
